

Introduction to American Deaf Culture

Introduction to American Deaf Culture is the only comprehensive textbook that provides a broad, yet in-depth, exploration of how Deaf people are best understood from a cultural perspective, with coverage of topics such as how culture is defined, how the concept of culture can be applied to the Deaf experience, and how Deaf culture has evolved over the years. Among the issues included are an analysis of various segments of the Deaf community, Deaf cultural norms, the tension between the Deaf and disabled communities, Deaf art and literature (both written English and ASL forms), the solutions being offered by the Deaf community for effective living as Deaf individuals, and an analysis of the universality of the Deaf experience, including the enculturation process that many Deaf people undergo as they develop healthy identities.

Author: Thomas K. Holcomb

Imprint: New York: Oxford University Press, c2013
